

Would you rather be a Performance Potatohead or a Superhero?

Most IT departments cobble together a disparate patchwork of tools that don't work together, creating silos of functionality that slow the diagnostic process.

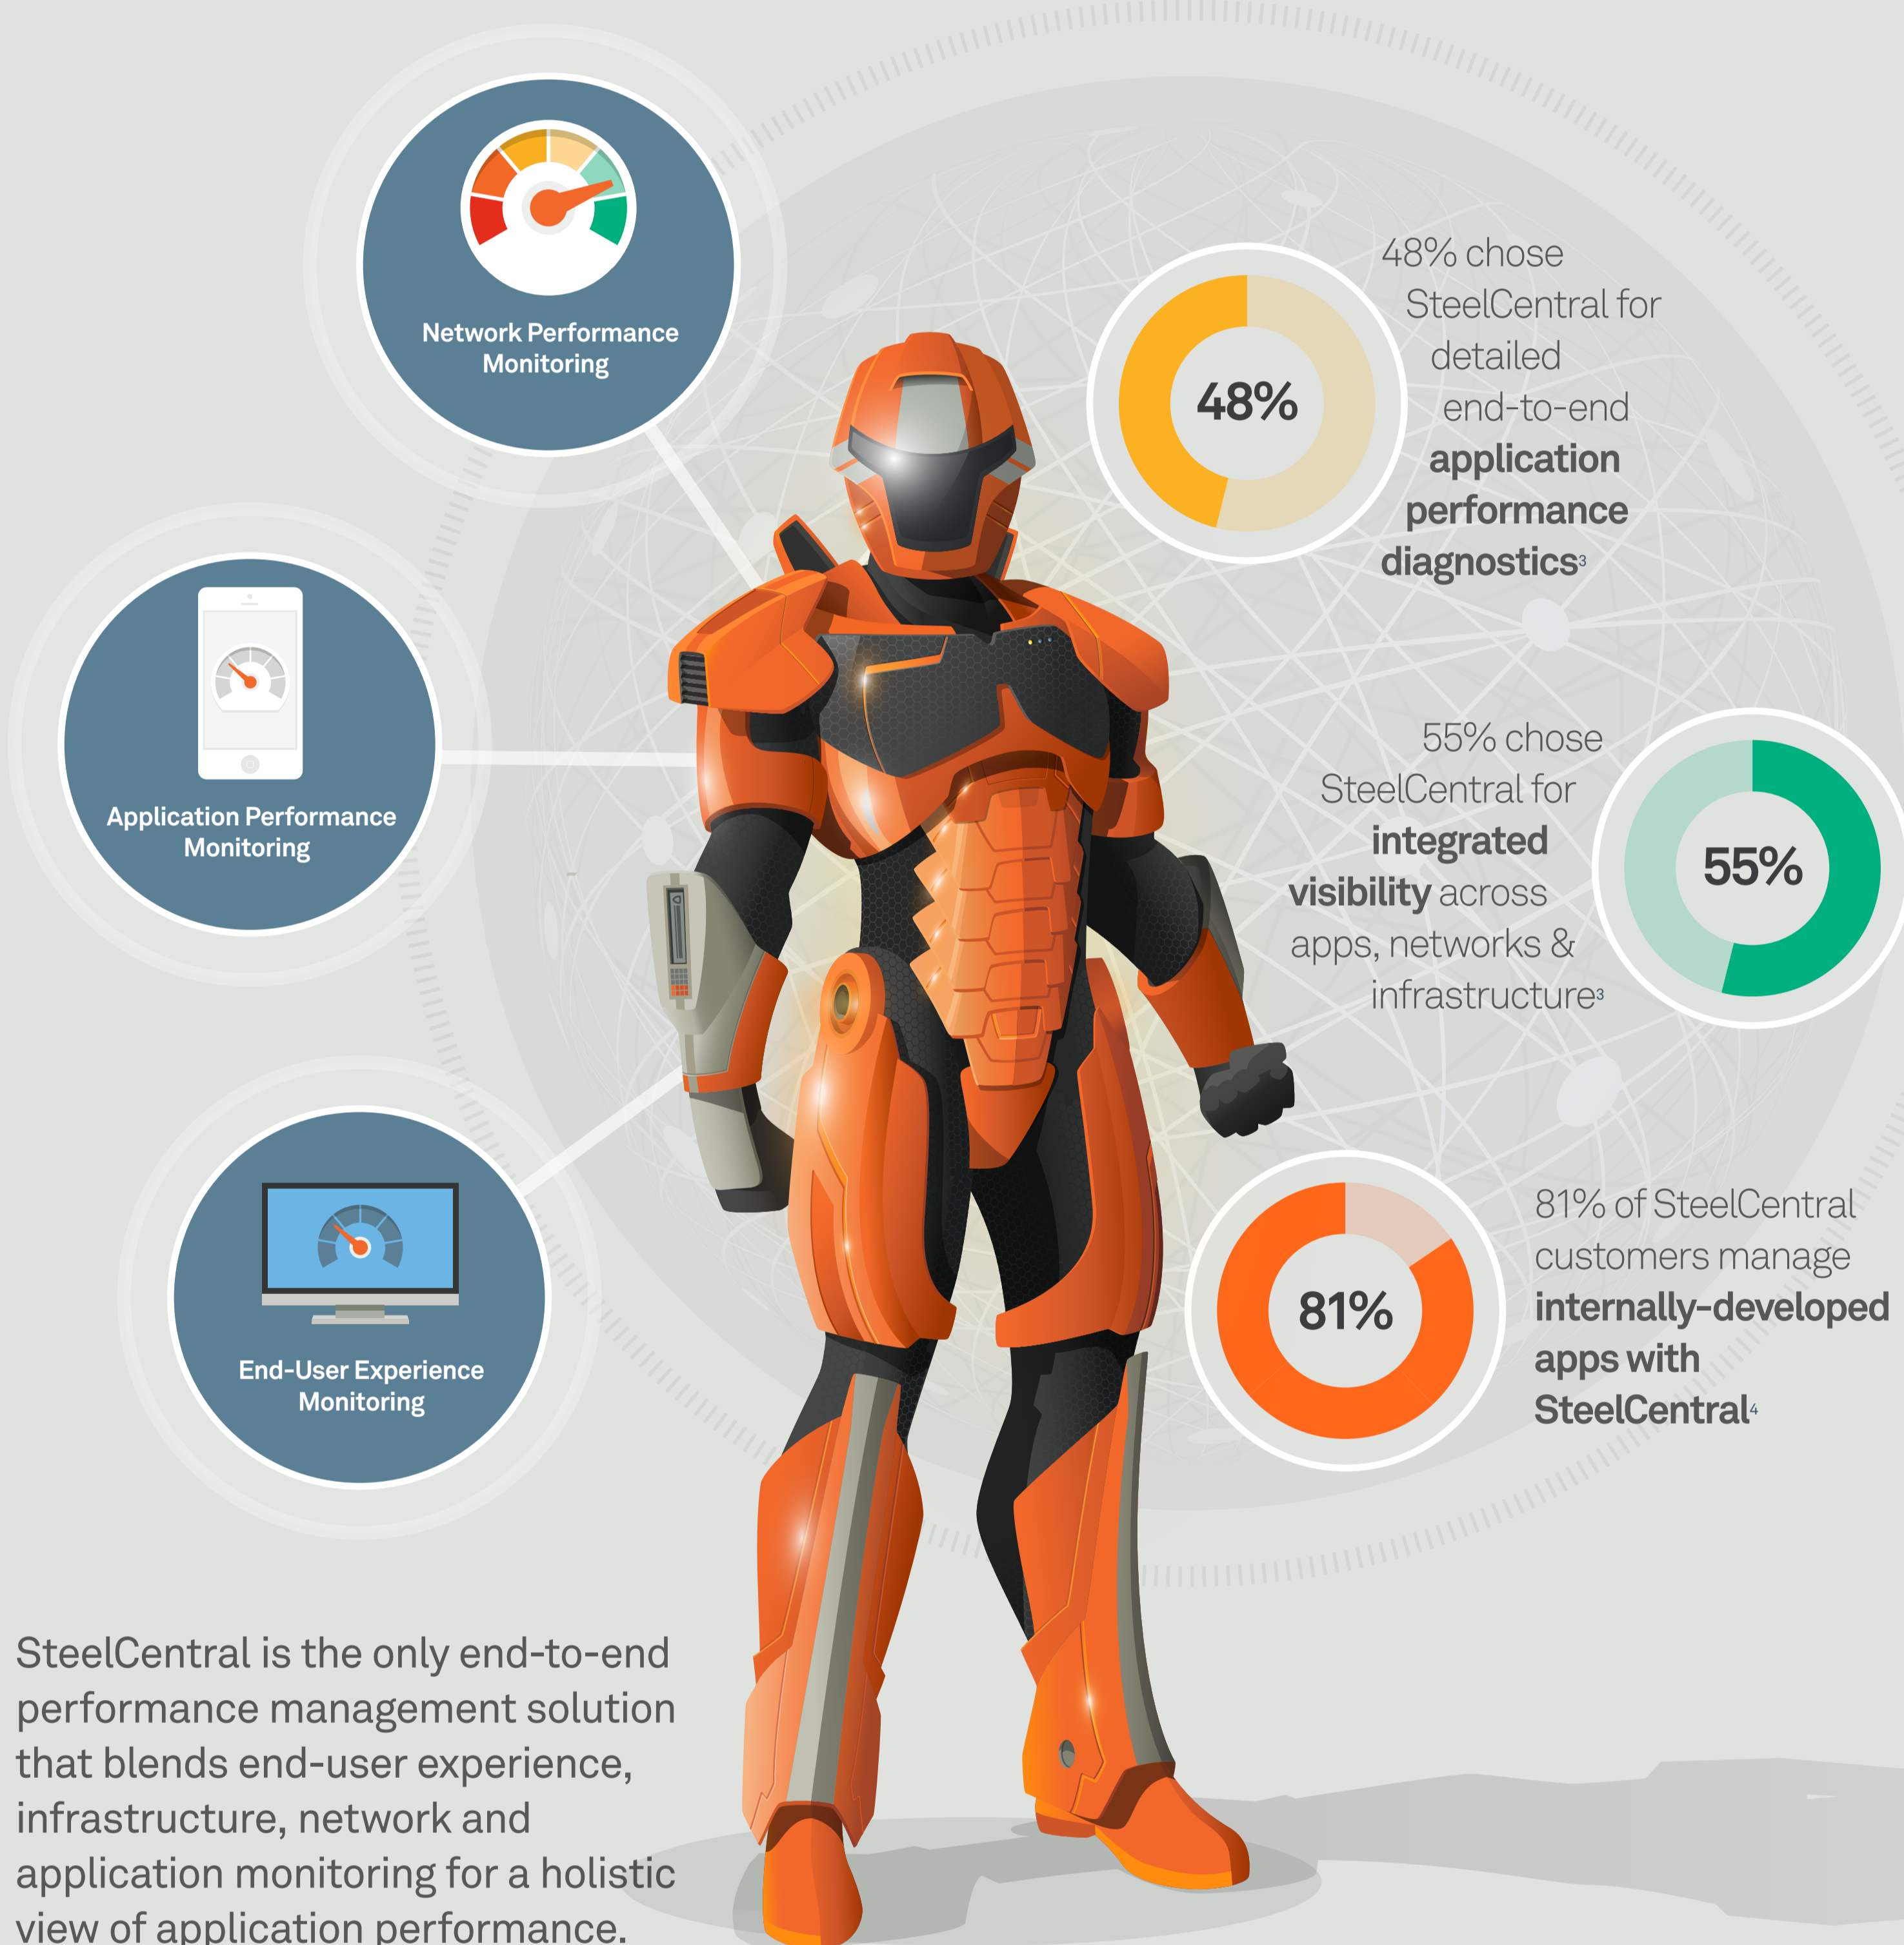

What challenges was your organization experiencing? ¹

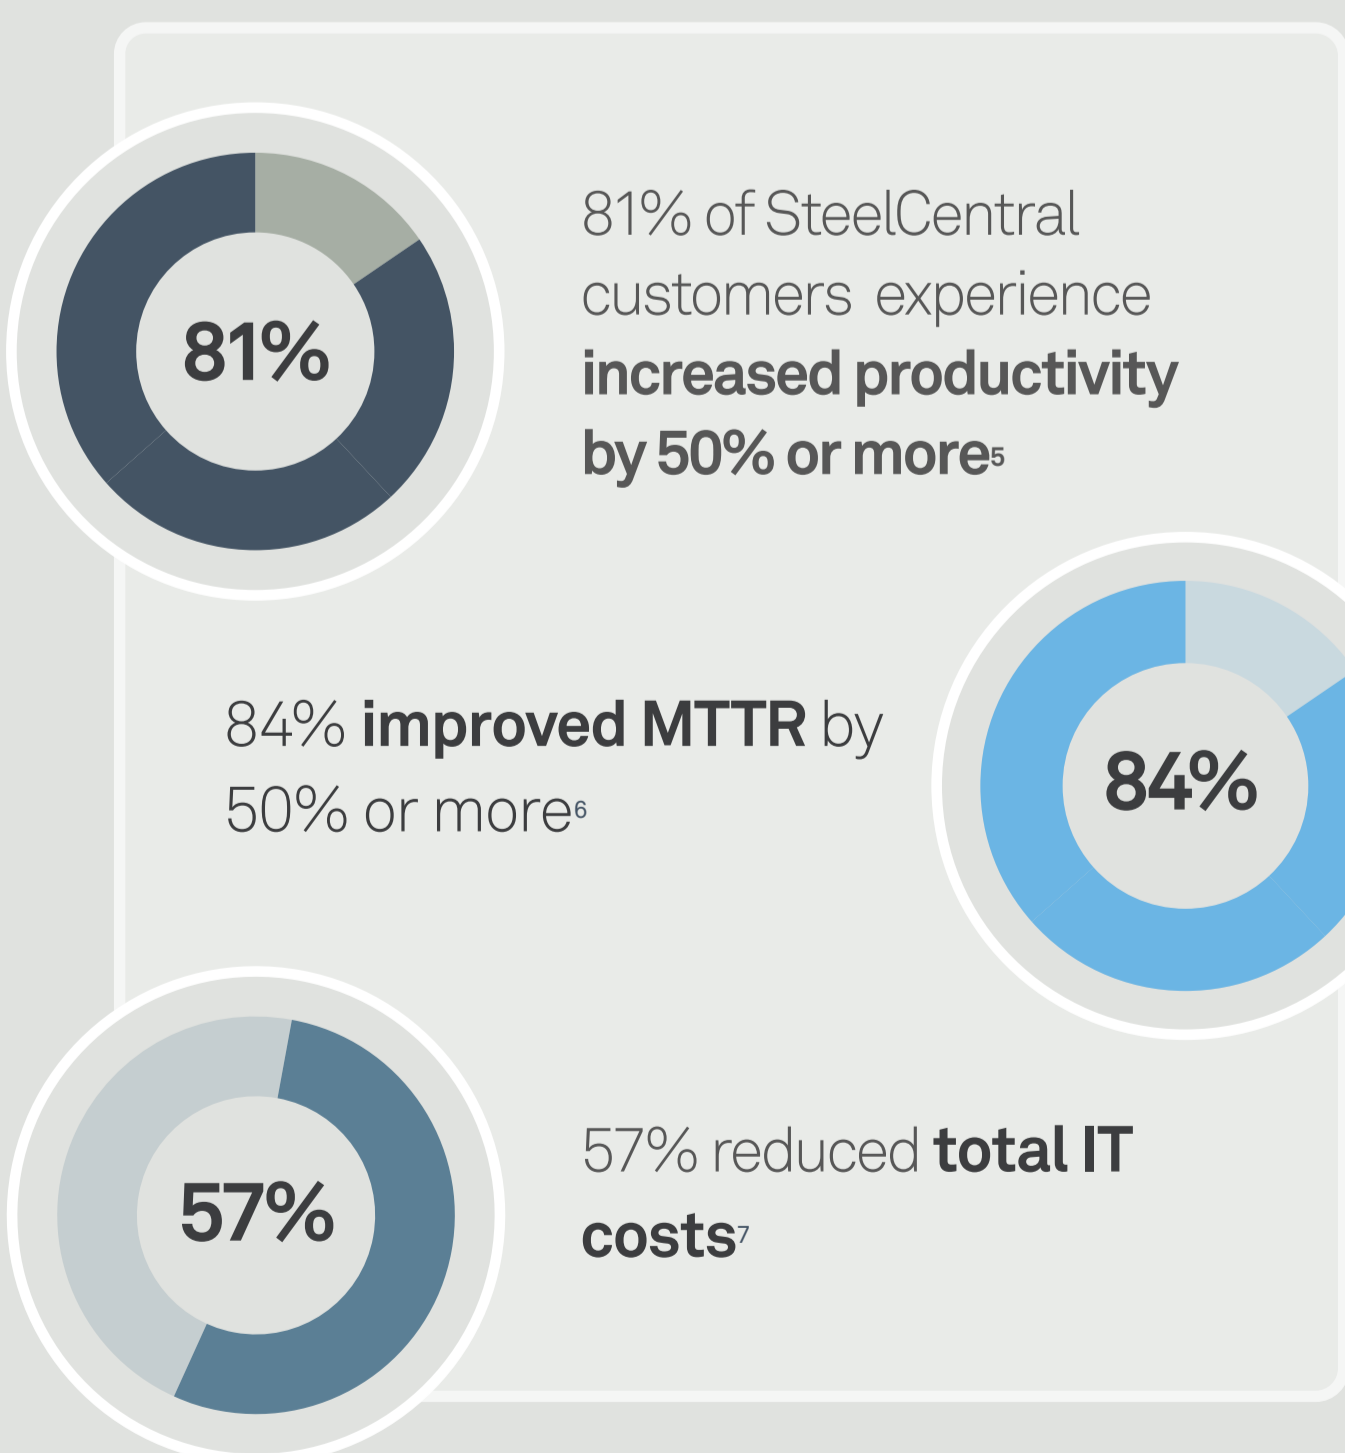

64% use a **fragmented approach** to monitoring ²

Visibility is crucial to IT's ability to optimize application performance, troubleshoot problems and plan for tomorrow.

Customer Benefits from Using SteelCentral

"SteelCentral AppResponse has removed bickering regarding where performance degradations occur. It gives us insight into technical challenges that we simply can't get in any other way."

Dagfinn Krog, Senior IT Manager, Hemit⁹

"Riverbed SteelCentral has significantly helped us reduce the time we spend troubleshooting which has subsequently improved productivity. We now collaborate more effectively and spend more time on strategic initiatives."

Karan Aggarwal, IT Director, Aon Corporation¹⁰
